

CHAPTER 11 SECTION 10.1

TRANSITIONAL ASSISTANCE MANAGEMENT PROGRAM (TAMP)

Issue Date: June 1, 1999

Authority: [32 CFR 199.3](#), PL. 101-510, PL. 102-125, PL., 103-337

I. DESCRIPTION

The Transitional Assistance Management Program (TAMP) established full TRICARE eligibility for a new category of beneficiaries: reservists who served in connection with Contingency Operations (such as Operation Desert Storm and Operation Joint Endeavor) and their family members, and for service members involuntarily separated from active duty and their family members. The sponsors and their family members are eligible for continued TRICARE benefits including enrollment/re-enrollment in TRICARE Prime services and supplies provided under the Program for Persons with Disabilities, and MTF care, for a defined period of time as indicated on DEERS. While the status of these individuals is neither active duty nor retiree/deceased, for the purpose of cost-sharing, the claims from these individuals shall be processed as active duty.

II. POLICY

Members and their authorized dependents meeting the criteria for transitional benefits listed below, are entitled to medical benefits under TRICARE to the same extent as those available to active duty dependents. Managed Care Support Contractors are responsible for determining DEERS eligibility status. Once jurisdictional responsibility is established, the contractor shall have the capability by using DEERS to identify these claims as TAMP and process them as active duty claims. Eligibility verification of Operation Desert Storm sponsors shall be based either on the DEERS response or a Leave and Earnings Statement indicating Desert Storm involvement. Eligibility verification of an active duty member who was separated involuntarily shall be based solely on the DEERS response. For those claims that are submitted for medical services rendered to the sponsor and if the contractor can identify the claim as meeting the transitional eligibility requirements, the contractor shall process the claim. Otherwise the sponsor claims indicating status as "active duty" and relationship as "self" shall continue to be transferred to the military services. Claims are to be cost-shared by the contractor as active duty dependents.
